The application has been amended as follows:

At line 6 of page 1 of the specification insert:--This application is a 371 of PCT/JP03/02154, filed 26 February 2003.--

In line 1 of claim 31, replace "26" with:--28--; in line 2 of each of claims 32-34, replace "26" with:--28--.

This amendment merely corrects a typographical error the presence and correction of which is clearly indicated by the provision of antecedent basis for the recitation of "process for producing an oxidized compound". It does not materially affect the scope or meaning of the claims.
